GFG Profile

ABOUT

- I am a dedicated and driven engineering graduate in the final year of my program, seeking opportunities to apply my technical knowledge and skills in a dynamic and challenging environment.
- Proficient in MERN (MongoDB, Express.js, React, Node.js) stack for web development.
- Strong command of JavaScript for front-end and back-end development.
- Effective problem-solving abilities, with a track record of tackling complex technical challenges.
- Competent in Java for developing versatile applications.
- Proficient in developing native mobile applications.

EXPERIENCE

Intern - Frontend

Basket Hunt Pvt Ltd

Sept. 2023 – Current

- Collaborated closely with the design to ensure seamless integration of UI/UX designs and functionalities.
- Implemented robust front-end solutions, optimizing application performance and user experience.
- Resolved complex technical challenges, demonstrating strong problem-solving skills.
- Played a key role in delivering high-quality and visually appealing web applications to meet client and user expectations.

PROJECTS

Wrapframe - (Css Framework)

View Project

July 2023

- Quick Integration: Developers can easily access the CDN link, enabling them to instantly incorporate desired components into their projects.
- Pre-designed Components: All components in the library are pre-designed, saving developers valuable time on UI/UX development.

Mariam Condilious - (School Management System)

View Project

June 2023

- Designed and developed a comprehensive School Management System, streamlining administrative tasks, student records, and communication processes.
- Implemented user-friendly interfaces for teachers, students, and administrators to manage attendance, grades, and school resources efficiently.

Privacy Key Generator - (Webapp)

View Project

May 2023

- Implemented algorithms to ensure the generation of secure and uncrackable keys for protecting sensitive information.
- Contributed to bolstering data privacy and confidentiality in digital applications and systems through the use of this tool.

Chrome Tab Saver - (Chrome Extension)

View Project

May 2023

- Created a custom Chrome browser extension to enhance the browsing experience and productivity.
- Contributed to the Chrome extension ecosystem by providing a valuable tool for optimizing daily online activities.

EDUCATION

B.Tech in Computer Science

Dr. Ram Manohar Lohia Avadh University

2020-2024

Ayodhya

- Percentage : 81

XII - PCM

De Paul School (CISCE)

2019-2020

Budaun

- Percentage : 84

SKILLS

Javascript

ReactJS
